An active Member of Congress and a strong voice for his constituents, Rep. Holt serves on the Committee on Education and the Workforce and the Committee on Natural Resources, where he serves as the Ranking Member on the Subcommittee on Energy and Mineral Resources helping to develop a long-term strategy to decrease our nation's dependence on fossil fuels to protect our environment for future generations. From 2007 to 2010, Holt served as Chairman of the Select Intelligence Oversight Panel. Created at the start of the 110th Congress in January 2007, the Panel worked to strengthen oversight of the intelligence community by ensuring that policymakers receive accurate assessments, civil liberties are safeguarded, and the intelligence community is protecting Americans.
