

(West Windsor, NJ) – U.S. Rep. Rush Holt (NJ-12) today announced the names of the students who are serving as interns in his congressional office in the summer of 2011.

"It has been a pleasure to welcome these outstanding interns to my staff," Holt said. "As a former educator, I am deeply impressed by their intelligence, willingness to learn, and commitment to public service. They are serving the people of central New Jersey with distinction."

Congressional interns are selected on a competitive basis and contribute in a variety of ways to Rep. Holt's service to central New Jersey, including aiding in legislative research, attending congressional hearings, conducting community outreach, and helping with office administrative duties. Interns in the current session will serve through August 2011. High school and college students who are interested in interning in future sessions are encouraged to visit <http://holt.house.gov/> to learn more.
