

Rep. Holt attended the grand opening of a new housing unit for veterans in Middlesex County on Thursday. The All Saints Apartments project created 11 apartment units for homeless or low-income veterans through the adaptive reuse of an abandoned church in Highland Park. Along with housing, the All Saints community offers social work support and health services to the residents, to give back to those who have given so much to our country. A Spotswood constituent, whose son died in the line of duty in Iraq, referred Rep. Holt to the services this project would offer to veterans and invited him to attend the opening ceremony on Veterans Day.

Rep. Holt also attended Veterans Day memorial ceremonies in East Brunswick, Lawrence and at the NJ Vietnam Veterans Memorial in Holmdel.
